The Nature Protectors' Quiz

1. What threat is putting the forests where red pandas live at risk?

- ☐ Deforestation caused by human activities
- ☐ Extreme cold in the mountains
- ☐ A lack of bamboo in animal parks

2. How does Pairi Daiza help protect rhinos?

- ☐ By teaching rhinos how to avoid poachers
- ☐ Through conservation efforts, including assisted reproduction
- ☐ By moving all rhinos to tropical forests

3. How does climate change make life more difficult for walruses?

- ☐ It prevents them from breathing underwater
- ☐ It forces them to eat plants instead
- ☐ It forces them to travel greater distances to find food

4. During the visit, which animal or place amazed the group the most? Why?

5. How did the students feel while exploring the Garden of the Worlds today: happy, surprised, afraid, calm, curious...?

6. After today's visit, what small action could the class take to help protect nature?
